Dear Shavara,

I would like to personally thank you for the work you did in helping us get our recycling bins. We are very excited to see how much recycling we can bring in within their first week of having them out and would not have been able to do any of this if it was not for you and Keep Oklahoma Beautiful. Thank you for helping streamline our recycling program and we hope these will move Harding towards a greener future.

Sincerely,

Community Recycling Facilitating

- Through the generosity of our recycle sponsor, PepsiCo Recycling, KOB now has the ability to help facilitate municipalities with long term recycle bins, totes and trailers. Call Shavara in our office for more details!
